

ADEKIT A 645 BK

SINGLE COMPONENT ADHESIVE MASTIC

NEW

ADEKIT A 645 is a single component hybrid polymer based mastic. The ambient humidity causes this hybrid mastic to polymerize and form a durable elastomer.

It is the ideal complement to our range of two-component adhesives.

➤ Advantages

- ▶ Good ageing resistance
- ▶ Good heat resistance
- ▶ Flexible
- ▶ Easy to use and apply
- ▶ Will adhere to numerous substrates
- ▶ Can be applied without preparing the surface
- ▶ Contains no solvents or isocyanates
- ▶ Odour-free
- ▶ Can be painted
- ▶ Good chemical resistance

ADEKIT A 645 BK

SINGLE COMPONENT ADHESIVE MASTIC

➤ The markets involved

▶ **The Transport Industry**
(Rail, bus and special vehicles etc.)

▶ **Industry, construction**
(Seals, joint reinforcement)

➤ Applications

Bus door threshold

Campervan components

Wet environment

➤ Sealing and semi-structural bonding

➤ Sealing and assembly for lorries, campervans, buses etc.

- Panel assembly, edge to edge or angled.
- Joints and reinforcement.
- Sealing of large parts (railways, buses, lorries, spoilers etc...)

➤ Applications in wet and marine environments:

- Sealing and fittings (boats, shower cubicle, swimming pool etc.)

➤ Street furniture, buildings.

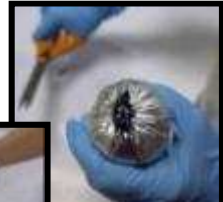

ADEKIT A 645 BK

SINGLE COMPONENT ADHESIVE MASTIC

➤ Application

1. Opening the pouch: using scissors or a screwdriver

2. Placing the pouch and the nozzle in the application gun

ADEKIT A 645 BK

SINGLE COMPONENT ADHESIVE MASTIC

➤ Application

3. Laying the bead

4. Waste

The nozzle can be used with another pouch, immediately afterwards.
The aluminium packaging and any product residue can then be treated as routine industrial waste.

ADEKIT A 645 BK

SINGLE COMPONENT ADHESIVE MASTIC

➤ Packaging

600 ml aluminium film pouch
Purchased in units of: Box containing 20 pouches
(Ref. Axson: Z35797)

➤ Accessories

Manual application gun for use with 600 ml pouch
(Ref. Axson: Z35344)

Pneumatic application gun for use with 600 ml pouch (Ref. Axson: Z35343)

Nozzles for use with 600 ml pouch
(Ref. Axson: Z35342)
