For small & medium productions and when pneumatic air is not available.
Not recommended with chemical thixo.

Guns for two-component cartridges

Manuel gun 50cc T
Compatible cartridge 50 CC – Mixing ratio (1:1)
Weight: 0.5 kg
Reference: Z30311

Manual gun 200cc C
Compatible cartridge 200 CC - Mixing ratio (1:1)
Strength: 4.5kN
Weight: 1.675kg
Reference: Z35657

Manual gun 400cc 2:1
Compatible cartridge 400 CC - Mixing ratio (2:1)
Adaptation for ratio (1:1) available in the kit
Strength: 4.5kN
Weight: 1.760kg
Reference: Z35721

Manual gun 400cc T
Compatible cartridge 400 CC - Mixing ratio (1:1)
Strength: 5 kN
Weight: 1.1 kg
Reference: Z35104

Guns for mono-component cartridges and bags

Manual bag gun
Compatible cartridges and bags 310CC / 400 CC / 600CC
Strength: 3.5 kN
Weight: 1 kg
Reference: Z35344
