

SikaAxson

MOVING FORWARD TOGETHER

WORLDWIDE SOLUTIONS IN PU AND EP RESINS

BUILDING TRUST

YOUR ADDED VALUE

RELIABILITY AND SAFETY

SikaAxson is on your side as a strong global player. As an inherent part of the Swiss concern Sika AG you can rely on us.

QUALITY AND INNOVATION

Your clients expect high-quality end products. Benefit from over 60 years of intensive expertise in the development of high-quality PU and EP resins. With innovative and coordinated PU and EP product systems, we help you to achieve end user satisfaction.

FLEXIBILITY AND INTEGRATED SOLUTIONS

As individual as your task. The comprehensive and integrated product range of SikaAxson offers you even more solutions for your applications.

PROFESSIONAL GLOBAL SUPPORT WORLD-WIDE

Local experts provide you with personal on-site support in all issues relating to product processing and plant technology.

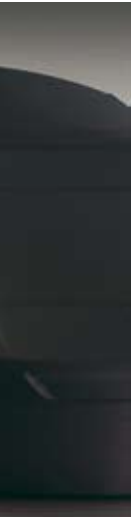

GLOBAL AVAILABILITY

The consolidation of world-wide production sites, several development departments and our global dealer network maximizes the availability to our products – wherever you are located.

SikaAxson

CREAT

CORE COMPETENCIES

Customer-specific products for design, prototyping, model and mould making, foundry model making, composites and dielectrics

SikaAxson - AT A GLANCE:

- 450 EMPLOYEES
- 130 MILLION TURNOVER
- 12 SITES WORLD-WIDE
- 7 MANUFACTURING SITES WORLD-WIDE

TING A STRONG FUTURE

MORTEN MUSCHAK

Head SikaAxson

“With SikaAxson a strong global player in the tooling and composites industry is formed, which allows us to provide the market with an even more comprehensive and integrated offer. As a result of a stronger international presence, SikaAxson experts provide a worldwide support to our customers directly on-site. We are looking forward to the opportunities offered by the SikaAxson organization going forward, but also to create the future together with our clients.”
